## Wire fraud is a serious problem.

Cybercriminals target you and other real estate transaction participants to steal funds transferred during closings. They hack emails, impersonate title companies, and spoof your real estate agent to trick you into sending funds to fraudulent bank accounts they control. In 2021, cybercriminals stole over \$350 million from 13,638 real estate fraud victims.

## Do not trust wire information outside of ClosingLock.

Do not trust anyone who reaches out to you in an attempt to provide wire instructions, which includes phone calls, emails, links, attachments, letters, etc. If you have any questions, call your title company on a phone number you get directly from their website.
